

LIMU MOUI

LIMU, THE COMPANY

Limu (or limu moui) is a remarkable brown seaweed revered for its nutritional and medicinal benefits by ancient cultures in the South Pacific for well over 3,000 years. Known for its most powerful ingredient, Fucoidan, it has been praised for its life-sustaining, immune-supporting properties in more than 900 independent research studies and counting. Fucoidan has also been featured in The Journal of Molecular Immunology, Anticancer Research and the British Journal of Pharmacology, to name a few.

FUCOIDAN

is a uniquely structured sulfated polysaccharide, a complex carbohydrate molecule that is found in high concentrations in the cell walls of limu. This nutrient is unique as it is not found in any land-based plants. It is harvested from limu in the unspoiled waters of Tonga through an extraction process that took scientists 15 years to perfect. By keeping the 70+ essential vitamins, nutrients and minerals that act together to "supercharge" the Fucoidan, it fortifies your immune system and allows it to identify and fight off harmful contaminants, maintaining optimal health as a result.

Founded in 2004, LIMU has built an independent sales force across the globe. What's more, LIMU has remained debt-free and profitable since its first day in business. LIMU's world-class management team is led by Gary J. Raser, a man who, after building what amounted to a small personal empire through network marketing, chose to devote the latter half of his life to helping others achieve similar success. That was the beginning of The LIMU EXPERIENCE.

The LIMU EXPERIENCE is your chance to feel, look and live better than you ever have before. Once you start experiencing LIMU, you may desire to share your EXPERIENCE with others. There are generous rewards associated with doing so, like getting your product for free, or even getting paid for those who refer. The result is a successful business, with time and money to spare. It's a lifestyle with true rewards. The question is, well, what are you waiting for?

LIMU ORIGINAL®

FEEL BETTER AND HEALTHIER

It's not a juice. And it's not a superfruit, either. It's something much more unique: premium **seaweed in a bottle**.

At the core of The LIMU EXPERIENCE is LIMU ORIGINAL®, our flagship product that will help you to feel and live better. Boasting more than 70 essential nutrients including antioxidants, polyphenols, amino acids, glyconutrients, vitamins and minerals, LIMU ORIGINAL is a nutrition powerhouse.

A tropical blend of mango, papaya, apple and pear, it's delicious, refreshing and – most importantly- it offers a serious boost to your immune system. It's 83% pure Tongan limu moui. It's an all-natural blend that maintains every vital nutrient just as nature intended. It's powerful nutrition delivered directly to your body's core systems for consistently good health, improved joint mobility, more restful sleep, smoother skin and much more.

As the lone dietary liquid supplement with LIMU's proprietary Fucoidan-rich seaweed extract, LIMU ORIGINAL leads the global market.
